

NEOTRAK

The New Way

Become a Reseller

About

NeoTrak is a New Platform from NeoTech, designed to connect, track and monitor vehicles, cargoes, assets and people or any possession anywhere in the world, notifying the user of its whereabouts via email, app or web.

NeoTrak innovates with the concept of intelligent cargo, that will, virtually instantaneously, inform interested parties exactly where it is, if it arrives on time, or if it will be delayed, or has been damaged. Our goal is to provide Transportation-Shipping-Logistics firms with the access to a secure and inexpensive information platform. All this in order to maximize the utilization of available transport resources, thereby reducing transportation costs.

NeoTrak works in 190+ countries.

Vehicles and cargo can be monitored across borders and continents with no roaming charges – **Yes! NO ROAMING CHARGES!**

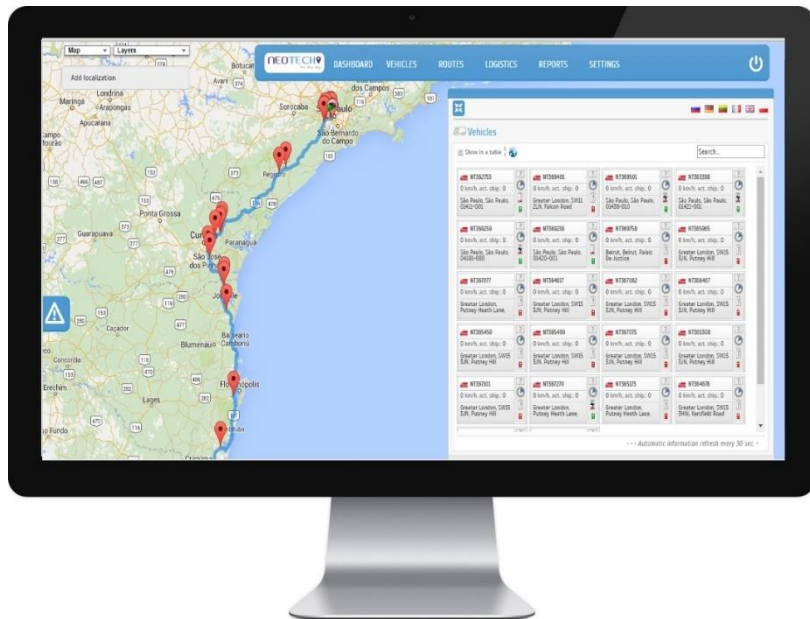

Brazil, Argentina, Chile, Austria or Australia
- the whole transportation process. Can
monitored from start to finish.

Communication with drivers at all times.

Complete Solution

Complete solution – the right mix of hardware, software, services, support and related technologies

Smart Phone App – with chat function

On board devices

Become a Reseller

NeoTech is presently procuring competent resellers in Brazil. Ideally, the candidates should have the necessary infrastructure in place and be using an inferior product, and have their own brand name.

The NeoTrak Platform has many advantages over other systems:

- Truly International – No problems crossing International borders! No Roaming Charges! Works in 190 Countries;
- Three separate versions – Basic, Advanced and Complete Logistics Package;
- App available for use on Smartphone by driver – immediate two-way contact with Coordinator;
- Private and Public Transport;
- Asset Tracking - Transport and Logistics Management;
- Planning - Route Tracking - Localization updated every 15 seconds;
- Complete customizable Reports.

Commercial Conditions

NeoTrak Platform – With your brand name and logo – in Portuguese.

The conditions apply to White Label Clients with an initial order of 1,000 units or more. Larger clients may be eligible for further discounts:

1. Basic NeoTrak Platform – Initial Fee of USD 10,000 and USD10 per month per active device.
2. Advanced NeoTrak Platform – Initial Fee of USD15,000 and USD15 per month per active device
3. Logistics NeoTrak Platform – Initial Fee of USD25,000 and USD20 per month per active device

On Board Devices;

1. VeiTrak Portable – Unit Price USD79 FOB
2. VeiTrak Installed (Int. Antenna) – Unit Price USD89 FOB
3. VeiTrak Installed (Ext. Antenna) – Unit Price USD99 FOB

We are investigating the use of a trading/logistics company in Vitoria, ES to import and distribute the on-board devices in Brazil. Brazil prices shortly!

NeoTech are presenting a new business model to the market with excellent technological solutions being offered to White Label Clients, prepaid and low cost. This enables these clients to provide excellent service to the end user at competitive prices and still maintain significant earnings.
